

**EXECUTIVE DIRECTOR
STATE OF WISCONSIN INVESTMENT BOARD (SWIB)**

SWIB manages investments for several trust funds, including the Wisconsin Retirement System (WRS), the 9th largest public pension plan in the U.S. and 30th largest public/private pension fund in the world. SWIB's total assets under management are approximately \$87 billion.

Responsibilities

The Executive Director serves as the chief executive officer of SWIB, reporting directly to the Board of Trustees, and overseeing a staff of 137 through seven direct reports, including a Chief Investment Officer, and one dotted line report.

Requirements

The successful candidate will have progressive management responsibility culminating in a senior management position in a complex financial institution, e.g., pension fund, insurance company, investment management firm, banking institution, or financial government agency. Outstanding leadership attributes, excellent communication skills, professional presence and maturity, and sensitivity to issues of managing a public trust fund are a must. The ideal candidate will also have strong people and process management skills, political acumen, strategic agility, and the highest integrity and ethics.

Opportunity

This position offers the opportunity to provide overall leadership to a top flight investment organization. The role is not to be the direct architect of the investment program, but rather one of a strategic leader who will facilitate the work of all facets of the organization in a collaborative way. Working for a well-funded, stable organization, with a strong, non-political Board, in a professional but flexible environment, are additional pluses of this position.

SWIB is an Equal Opportunity Employer.
